

# Tangerine

Hot Chelle Rae

Tangerine, come f\*ck me up like you always do  
Come steal the rest of my records, and my lovin', too  
Tangerine, it's a dream when you're next to me  
You run through all of my money and my sanity

And it's just like that  
Wait, is it really just like that?  
When you go, I want you back  
Yeah, only one I want this bad  
Wait...

Tangerine  
You're so sweet, so sweet, so sweet  
You're all the color I need  
Tangerine  
You're so sweet, so sweet, so sweet  
You're all the color I need  
(Yeah, I need [?] baby)

Tangerine, you don't even know my middle name  
But you got all of your clothes up in my closet space  
Tangerine, you don't call, you show up out the blue  
I could try all I want but can't get mad at you

And it's just like that  
Wait, is it really just like that?  
When you go, I want you back  
Yeah, only one I want this bad  
Wait...

Tangerine  
You're so sweet, so sweet, so sweet (ooh)  
You're all the color I need  
Tangerine  
You're so sweet, so sweet, so sweet  
You're all the color I need  
(Yeah, I need, so baby)

And it's just like that  
Wait, is it really just like that?  
When you go, I want you back  
Yeah, only one I want this bad  
(Tangerine)

Is it really just like that?  
When you go, I want you back  
Yeah, only one I want this bad

Tangerine  
You're so sweet, so sweet, so sweet (ooh)  
You're all the color I need  
(You're all the color, all the color)  
Tangerine (I need)  
You're so sweet, so sweet (so sweet), so sweet (ooh)  
You're all the color I need  
(You're all the color, all the color)  
Tangerine

You're so sweet, so sweet, so sweet (ooh)  
You're all the color I need  
Tangerine  
You're so sweet, so sweet, so sweet (so sweet)  
You're all the color I need
