

Doctor

Hot Chip

I don't want to be a doctor
I don't want to be your friend
I just want to be your
Tell me do you comprehend?

Let's get together
I want to be your first avenue
And when you call me
You know i'm coming crying to you

Let's ride together
I'll never take my eyes from the view
And when we're riding
We're on a bike that's built just for two

I don't want to be a doctor
I don't want to be your friend
I just want to be your
Tell me do you comprehend?

When you call my name
When you call my blood
Does it feel the same
Is my touch too much

Don't lose your patience
I'll always be here waiting for you
And when you hold me
You know i'm holding right onto you

Let's ride together
You know i'll be your own point of view
And when we're riding
I'll never take my eyes off of you

(2x)

I don't want to be a doctor
I don't want to be your friend
I just want to be your
Tell me do you comprehend?
