

# Hungry Child

Hot Chip

Begging like a hungry child  
Waiting like an angry ghost  
Fiendish for you  
Helpless in the stormy sea  
Drowning in a memory  
And you make it rain

Dreaming never felt so bad  
Loving never felt so wrong before  
Wanting what you cannot have  
Living with a sadness  
You cannot endure  
Forevermore

Been tryin' hard to pull you back  
All my life, it's momentary  
A moment like a heart attack  
Stopped my life, it's momentary  
Been tryin' hard to pull you back  
All my life, it's momentary  
A moment like a heart attack  
Stopped my life, it's momentary

If only I could take a pill  
But then I would dream of you  
Bring nightmares too  
Living in an airless room  
Praying I could breathe in soon  
Breathe in you

Dreaming never felt so bad  
Loving never felt so wrong before  
Wanting what you cannot have  
Living with a sadness  
You cannot endure  
Forevermore

Been tryin' hard to pull you back  
All my life, it's momentary  
A moment like a heart attack  
Stopped my life, it's momentary  
Been tryin' hard to pull you back  
All my life, it's momentary  
A moment like a heart attack  
Stopped my life, it's momentary

Been tryin' hard to pull you back  
Been tryin' hard to pull you back  
It's momentary  
Been tryin' hard to pull you back  
All my life, it's momentary  
Been tryin' hard to pull you back  
All my life, it's momentary  
It's momentary

A moment like a heart attack

Been tryin' hard to pull you back  
All my life, it's momentary  
A moment like a heart attack  
Stopped my life, it's momentary  
Been tryin' hard to pull you back  
All my life, it's momentary  
A moment like a heart attack  
Stopped my life, it's momentary

When I sing, I sing for you  
All I make, I make for you  
The night long, I work for you  
Till the sun comes streaming through  
When I sing, I sing for you  
All I make, I make for you  
The night long, I work for you  
Till the sun comes streaming through

Been tryin' hard to pull you back  
All my life, it's momentary  
A moment like a heart attack  
Stopped my life, it's momentary  
Been tryin' hard to pull you back  
All my life, it's momentary  
A moment like a heart attack  
Stopped my life, it's momentary

Stopped my life...
