

# I Feel Better

Hot Chip

She said: 'How did we get ourselves so lost?'  
And I said: 'I don't know, but we will not be leaving tonight, tonight  
When you hold me I, I feel better'

I only want one night, together in our arms  
This is the longest night, we're meeting arms to arms

Nothing is wasted and life is worth living  
Heaven is nowhere, just look to the stars  
There is a day that is yours for embracing  
Everything's nothing, and nothing is ours  
Nothing is wasted and life is worth living (I only want one night)  
Heaven is nowhere, just look to the stars  
There is a day that is yours for embracing (This is the longest night  
)  
Everything's nothing, and nothing is ours

'And maybe if we'd never come this way  
Then we would live and prosper  
But I doubt it  
We are a violent race  
and we deserve what we get  
When you hold me, when you hold me  
I feel better, I feel better'

I only want one night, together in our arms (I feel better)  
This is the longest night, we're meeting arms to arms (I feel better)
