

## Spell

Hot Chip

Give up your mask  
Take me to task  
Give me your whip  
I'm lost in it  
Give me your lust  
In me your trust  
And with this twist  
We make our tryst

Like a spell you are under  
Like a spell you are under

Like a spell you are under  
Like a spell you are under

Like a spell you are under  
Like a spell you are under

Like a spell you are under  
Like a spell you are under

(Like a spell you are under)

And now I feel your curse  
It's all that I wanted  
A memory in reverse  
Forever I'm haunted  
(Like a spell you are under)

And now I feel your curse  
It's all that I wanted  
A memory in reverse  
Forever I'm haunted

Give me your hand  
And your command  
And mark my word  
You'll find your world  
There is enough  
There is in love  
A lot to learn  
A lot to earn

Like a spell you are under  
Like a spell you are under

Like a spell you are under  
Like a spell you are under

Like a spell you are under  
Like a spell you are under

Like a spell you are under  
Like a spell you are under

(Like a spell you are under)

And now I feel your curse  
It's all that I wanted  
A memory in reverse  
Forever I'm haunted  
(Like a spell you are under)  
And now I feel your curse  
It's all that I wanted  
A memory in reverse  
Forever I'm haunted

And now I feel your curse  
It's all that I wanted  
A moment without choice  
Forever we're haunted  
And under we both fell  
With all that we wanted  
A truth for us to tell  
However distorted

And now I feel your curse  
(Like a spell you are under, oh)  
A moment without choice  
(Like a spell you are under)  
And under we both fell  
(Like a spell you are under, oh)  
A truth for us to tell  
(Like a spell you are under)

Now I feel your curse  
A memory in reverse

And now I feel your curse  
It's all that I wanted  
(Like a spell you are under)  
A memory in reverse  
Forever I'm haunted  
(Like a spell you are under)

And now I feel your curse  
It's all that I wanted  
(Like a spell you are under)  
A memory in reverse  
Forever I'm haunted  
(Like a spell you are under)

And now I feel your curse  
It's all that I wanted  
(Like a spell you are under)  
A memory in reverse  
Forever I'm haunted  
(Like a spell you are under)

And now I feel your curse  
It's all that I wanted  
(Like a spell you are under)
