

## How I Feel Now

### Hot Flash Heat Wave

With so much on my plate  
Workin' every day  
Hardly find the time to  
Take my girl away  
From the city lights  
Out to where the trees blow  
'Cause I want to confess how  
I feel now

And no matter where we go  
There will always be a next time  
Baby, there's no other way  
And we'll leave the city lights  
Singin' this could be forever  
Baby, there's no need to change

Years might go by fast  
I can't say I'd mind  
Lyin' in my bed just  
Dreamin' of her smile  
From the city lights  
To the town we're from  
I want to confess how  
I feel now

And no matter where we go  
There will always be a next time  
Baby, there's no other way  
And we'll leave the city lights  
Singin' this could be forever  
Baby, there's no need to change
