

5 Times Out of 100

Hot Hot Heat

Five times out of a hundred.
Tell me what my odds are, my heart isn't working.
Five times out of a hundred.
Tell me what my chance is, romance is underrated.
Five times out of a hundred.
Tell me what my odds are, so far I'm not working.
Five times out of a hundred.
Tell me what my chance is, romances mean a lot to me

Hey hey hey
I don't want to know
Say say say
I don't want to go
Stay stay stay
I don't want to slow
Slow slow day

Five times out of a hundred.
Tell me what my odds are, my heart isn't working.
Five times out of a hundred.
Tell me what my chance is, romance is underrated.

Hey hey hey
I don't want to know
Say say say
I don't want to go
Stay stay stay
I don't want to slow
Slow slow day

Stare on.
Don't let a glance be too short.
Don't stop.
Glances are a playground.
Stay around, round the sound of laughing boys.
Walk on, round the table making noise.

Stare on!
Oh no no no no?
Stare on!
Oh no no no no?

I wanna turn the bathtub on and watch this house drown from the lawn.
I wanna turn this energy on.
I wanna turn the bathtub on and watch this house drown from the lawn.
I wanna turn this energy on.
I wanna turn the bathtub on and watch this house drown from the lawn.
I wanna turn this energy on.

Five times out of a hundred.
Tell me what my odds are, my heart isn't working.
Five times out of a hundred.
Tell me what my chance is, romance is underrated.
Five times out of a hundred.
Tell me what my odds are, my heart isn't working.
Five times out of a hundred.
Tell me what my chance is...

Hey hey hey
I don't want to know
Say say say
I don't want to go
Stay stay stay
I don't want a slow
Slow slow day
