

Bandages

Hot Hot Heat

Bandages on my legs and my arms from you
Bandages, Bandages, Bandages!
Up and down on my legs and my arms from you
Bandages, Bandages, Bandages!

These bandages cover more than scrapes,
cuts and bruises from regrets and mistakes.
I've been hoping your moping
around the street again.
I've been tripping from sipping
the dripping dirty water tap.
I've been poking a voodoo doll
that you do not know I made.
These bandages are anonymity.
I've been shaking from making
an awful decision.
I've been running and running
feels like my head is spinning
round and round
Around, Around, Around, Around, Around!

Bandages on my legs and my arms from you
Bandages, Bandages, Bandages!
Up and down on my legs and my arms from you
Bandages, Bandages, Bandages!

I've been hoping your moping
around the street again.
I've been tripping from sipping
the dripping dirty water tap.
I've been poking a voodoo doll
that you do not know I made for you
of you
let's see what needles do.
I've been shaking from making
an awful decision.
I've been thinking I'm drinking
too many drinks all by myself.
I've been running and running
feels like my head is spinning
round and round
Around, Around, Around, Around!

Bandages on my legs and my arms from you
Bandages, Bandages, Bandages!
Up and down on my legs and my arms from you
Bandages, Bandages, Bandages!
Bandages hold my legs and my arms from you
Bandages, Bandages, Bandages!
Bandages, Bandages, Bandages!

Don't worry now, don't worry now,
don't worry 'cause it's all under control. (4x)
Don't worry now, don't worry now,
don't worry 'cause it will all turn around.
Around, Around, Around, Around,
Around, Around, Around!

Bandages on my legs and my arms from you
Bandages, Bandages, Bandages!
Up and down hold my legs and my arms from you
Bandages, Bandages, Bandages!
Bandages on my legs and my arms from you
Bandages, Bandages, Bandages!
Up and down on my legs and my arms from you
Bandages, Bandages, Bandages!
Bandages, Bandages, Bandages!
Bandages, Bandages, Bandages!
Bandages, Bandages have advantages too!
