

## Give Up?

Hot Hot Heat

They all warned me to stay out  
Stolen, stupid, scarred, and proud  
Don't try to warn me, dont try to warn me, dont try to warn me  
I said, I make my own mistakes, dont care how long it takes  
i make my own mistakes, again

but all i know is all ive got is

Frustration, Frustration  
I hate this vacation  
So give up (give up)  
Give up (give up)  
I've got to get away from here  
Its killing me just thinking 'bout  
Frustration, Frustration  
I hate this vacation  
So give up (give up)  
Give up (give up)  
I've got to get away from here  
Its killing me just thinking 'bout it

They all warned me all warned me of heart cramp  
cut your losses, while this turn (?)  
dont try to warn me, dont try to warn me, dont try to warn me  
i said, i make my own mistakes, you dont know what shes like, i make my own  
mistakes, again

but all i know is all ive got is

Frustration, Frustration  
I hate this vacation  
So give up (give up)  
Give up (give up)  
I've got to get away from here  
Its killing me just thinking 'bout  
Frustration, Frustration  
I hate this vacation  
So give up (give up)  
Give up (give up)  
I've got to get away from here  
Its killing me just thinking 'bout it
