

Modern Mind

Hot Hot Heat

(I see the future of the modern mind)

I see the opportunism in it I wanna say
Take what you think you gonna need and throw the rest away
I fear the future of the modern mind
Am I alone this time

(I fear the future of the modern mind)

Now that's no fun I get it, your instincts do you credit
Think about them long term if the short term doesn't make you sweat it
I fear the future of the modern mind
Am I alone this time

(I fear the future of the modern mind)

Can't find a reason not to wake you in the middle of the night
Got 50 things on my mind, your friends are falling behind
You say, there's got to be a better way

Runaway, runaway, runaway, runaway
Runaway, runaway, runaway, runaway

I see the future with the lights off black on fear of the dark
I feel it disappearing as I stop fearing that I'm
Right on the edge, looking over
On the horizon

(I see the future of the modern mind)

I see the opportunism in it I wanna say
Take what you think you gonna need and throw the rest away
I fear the future of the modern mind
Am I alone this time

(I fear the future of the modern mind)

Now that's no fun I get it, your instincts do you credit
Think about them long term if the short term doesn't make you sweat it
I fear the future of the modern mind
Am I alone this time

New friends, old problems they hide
In your past and they hung in your closet

(I fear the future of the modern mind)
(I fear the future of the modern mind)

I see the future with the lights off black on fear of the dark
I feel it disappearing as I stop fearing that I'm
Right on the edge, looking over
On the horizon

(I see the future of the modern mind)

I see the opportunism in it I wanna say
Take what you think you gonna need and throw the rest away

I fear the future of the modern mind
Am I alone this time

(I fear the future of the modern mind)

Now that's no fun I get it, your instincts do you credit
Think about them long term if the short term doesn't make you sweat it
I fear the future of the modern mind
Am I alone this time

(I fear the future of the modern mind)

Runaway, runaway, runaway, runaway
Runaway, runaway, runaway, runaway
Runaway, runaway, runaway, runaway
Runaway, runaway, runaway, runaway
