

ALICE COOPER'S POOL HOUSE

Hot Milk

Last night, I died in Alice Cooper's pool house
I lost my mind at words that came from his mouth
Told me something that nearly ripped my heart out
Last night, I died in Alice Cooper's pool house

I'm hungry for blood
You're the poison I love
A killer with a loaded gun
Imaginary friends splitting the seam
Only lucid dreams can keep me clean, yeah
It's taking its toll diving down rabbit holes
I keep waking on a bed of nails
My head is burning hotter than the sun
I'm feeling paranormal and undone

Last night, I died in Alice Cooper's pool house
I lost my mind at words that came from his mouth
Told me something that nearly ripped my heart out
Last night, I died in Alice Cooper's pool house

He came in a dream
And as real as it seemed
Is my brain just a runaway train?
Was it real or was it fantasy?
Have I taken too much LSD?

Yeah, yeah, yeah
I like losing control
Hate being alone
Weeping hearts that have no hope to heal
Where's the ending point of fallacy?
When hell comes home will you still be with me?

Last night, I died in Alice Cooper's pool house
I lost my mind at words that came from his mouth
Told me something that nearly ripped my heart out
Last night, I died in Alice Cooper's pool house

Last night, I cried in Alice Coopers pool house
Looked in his eyes and found out what it's all about
Got high all night, just trying to work this life out
Last night, I died in Alice Cooper's pool house

Last night, we died in Alice Cooper's pool house
We lost our minds at words that came from his mouth
Told us something that nearly ripped our hearts out
Last night, we died in Alice Cooper's pool house
