

## Two Hand Touch

### Hot Rod Circuit

focus why can't you just focus  
focus all your time one thing at a time question you answer me  
with questions you answer me with  
lies one line at a time running away what's so funny this time  
(you run away) what do you care if  
we're having a good time (its a two hand touch) attention i need  
your attention although you never  
mention you haven't any time breaking i'm feeling the resistance  
the complications start the breaking  
of my heart full contact two hand touch as i pull you to the ground  
again.
