

Who Died

Hot Snakes

I'm at a seance
I tried prayer
Ex boyfriends, relatives and neighbors
Say you aren't there
Tried the priest
I tried the maid
They tried to reach you
But you're in the grave

My friends all wanna know
Who died?
Yeah they all ask me
Who died?
Your phone is dead
You ain't home
You ain't alive

It was you
You, you're the one who died

The Catholics confirm
What the Protestants knew
They thought it was them
The was glad it was you
Died like a princess
Lived like a slave
They tried to reach you
But you're in the grave
