

Wrong Way

Hot Water Music

Fire away,
If you know where you stand now.
Do you know where you stand?
Cause it's hard to make out
On this tired old ground.
With no real changes.
Just these strange arrangements
That fall right back down,
Cause it's all wrong.
But don't take it the wrong way,
Wherever we go we find something wrong
Together.

Fire away.
This some bad business.
Another night wasted.
We fall right back down,
Cause it's all wrong.
It's all wrong,
But don't take it the wrong way,
Wherever we go we find something wrong
Together.
