Lately I been grindin' only
No bitches grindin' on me
I feel ain't nobody for me
'Cause it take a lil time to know me
Everyday I think 'bout the cheese
It just blow my mind for no reason
Everyday I think 'bout Lil Wolf
Can't believe he died before me

Don't care where we go at
Won't let them take my kind for weak
Gon' spin for weeks no cap
When I was in LA I smoked a pound of weed
Just blowin' away my past
Blowin' away my past and it's going away real fast
I got five bitches, gotta live life, never know how this gon' last
Yeah, my life a movie, only gang gang for the cap
We done got rained on, never wet

Running with a raincoat and a tec
