

# Oath

Hotboii

I made an oath with my right hand  
And I'm keepin' it real till the end  
I don't know why they're throwing shade on me  
I'm the one that made the shot so the rain won't beat me  
If I don't fuck with em they hatin' on me  
But how will I win all these days no sleep  
Locked inside they was waiting on me  
I still turnt down when the raid is on me

I made an oath with my right hand  
And I'm keepin' it real till the end  
I don't know why they're throwing shade on me  
I'm the one that made the shot so the rain won't beat me  
If I don't fuck with em they hatin' on me  
But how will I win all these days with no sleep  
Locked inside they was waiting on me  
I still turnt down when the raid is on me

Poof, I thought it was magic  
Everybody have feelings what happened  
My trust I learned how to manage it  
If I never give it they can't take advantage  
Ain't got no feelings for fucking with ratchet  
If I never did it I never would rap its  
I'm loving this glizzy this switch automatic  
FN on twins saying mommy and daddy

Jesus he died for our sins  
Tried to jack you gon' die for that sin  
Some of my niggas I won't see again  
Got some in the grave and some in the pin  
Streets like the NBA I call that shit  
Catch him off guard then he getting crossed in  
I go dumb I don't need no assist  
Yeah, I never need me no assistant  
Ain't none of you hoes on my wishlist  
I don't give a fuck if it was Christmas  
How the fuck shawty suck me out my soul, my soul ain't been out in a minute  
I don't even like the club, I stopped doing shows and I ain't been out in a minute  
No matter the night or morning I'm grinding in the yo I never get tired of w  
inning  
No, never get tired of winning  
My nigga he callin' my phone secure I never get tired of hearing it  
I pick up my phone when I hear it  
I ain't dodging no one I been busy  
I'm getting chauffeured all over your city  
FN in the Bentley a nigga won't get me

I made an oath with my right hand  
And I'm keepin' it real till the end  
I don't know why they're throwing shade on me  
I'm the one that made the shot so the rain won't beat me  
If I don't fuck with em they hatin' on me  
But how will I win all these days no sleep  
Locked inside they was waiting on me  
I still turnt down when the raid is on me
