

## 3 AM Lullaby

Hotel Mira

We're racing for the end impatiently  
With cowards to define our bravery

And someone's gotta come and kill the pain  
And something's gotta make it worth my wait

Because their team  
Built condos  
And our team  
Played bongos  
To show them  
Their money owns them  
Or something

And I know a way that we can wrap  
This up

Throw on a sit-com  
We don't laugh enough

For lap dogs  
We're all right  
Is the good news  
That we all die?  
It's 3 AM  
Where's my lullaby?

Dear Lemmings  
Are we just fine  
With a good job  
And a cute wife  
When it's 3 AM  
Where's my lullaby?

And evil comes and takes a human form  
'Cause ladies love a man in uniform

And Willow says we fight to take it back  
So I'm saving up for her karate class

Existence is painful  
Resistance, if you're able  
To love yourself and love yourself, my love

I know a way that we can  
Wrap  
This up

Throw on a sit-com  
We don't laugh  
Enough

For lap dogs  
We're alright  
Is the good news  
That we all die  
It's 3 AM

Where's my lullaby

Dear Lemmings  
Are we just fine  
With a good job  
And a cute wife  
Oh it's 3 AM  
Where's my lullaby
