

A Girl From A Different Dimension

Hotel Mira

Give me a girl from a different dimension
Girl, you're so bad you love the attention
And girl you rocked all five of my senses
That's why it's love girl, 'cause it won't have an ending

I won't wait
I won't break
And I won't pay
For his mistakes

Now

You say my name girl as if it's a bad thing
You scream my name girl as if it's a bad thing
You scream my name girl as if it's a bad thing
But if it's love girl it won't have an ending

And I'll obey
Til I miss him
Then I take aim
And [?] his face

I won't wait
I won't break
And I won't pay
For his mistakes
