Ladies And Gentlemen

Hotel Mira

The whispers of my true love
Are blisters on me now
Oh, daisy put her dukes up
And never put them down

And everything we know will fall apart
But baby, you were born to be a star
Oh, yeah

Ladies and gentlemen
(The here and now, the here and now)
Come let the devil in
(Just hear me out, just hear me out)

I've cut all my losses, I'll become a goddess again
(And hold me down, and hold me down)
Oh, I've kept the feeling I'm something worth being in this
(Give me the crown)

Hey, maybe there's a Groupon
For someone else's life
Oh, honey, put your suit on
Pretend that I'm your wife

Assuming the position, I can't breathe
I think you made a martyr out of me

Ladies and gentlemen
(The here and now, the here and now)
Come let the devil in
(Just hear me out, just hear me out)

I've cut all my losses, I'll become a goddess again
(And hold me down, and hold me down)
Oh, I've kept the feeling I'm something worth being in this
(Give me the crown, just for the crowd)

In between, in between, in between, in between
King and queen, king and queen, king and queen, king and queen
In between king and queen
You said take it off, honey you tell me

Ladies and gentlemen
Both tastes like peppermint
A night in a harness, my favorite alarmist and I
(And hold me down, and hold me down)
And all of my demons are singing Cat Stevens tonight
Tonight

My all time favorite drag queen
I'll love you til I die
