

# Making Progress

Hotel Mira

From time to time  
I realize I'm making progress  
It's tooth for tooth  
And eye for eye  
At least it's honest

No, I'm not hurting  
Hope has stopped working

It's safe to say  
You know me best  
Forget your heart  
Protect your neck  
You know my bones  
Are up for grabs  
You always say  
It's not that bad, boy

Some bad advice  
Immortalized  
To keep me broken  
A prison cell  
Of "be yourself"  
You must be joking

Oh, it's not perfect  
So it's not worth it

It's safe to say  
You know me best  
Forget your heart  
Protect your neck  
You know my bones  
Are up for grabs  
You always say  
It's not that bad, boy  
Take a drag boy

Yeah

We're so alive we can't play dead  
We're so alive we can't play dead  
We're so alive we can't play dead  
We're so alive we can't play dead

It's safe to say  
You know me best  
Forget your heart  
Protect your neck  
You know my bones  
Are up for grabs  
You always say  
It's not that bad, boy  
(Forget your heart)  
I'm such a drag, boy  
(Protect your neck)  
I'm such a drag, boy

(Forget your heart)  
Smash and grab boy!  
(Protect your neck)  
Yeah  
(Forget your heart)  
(Protect your neck)  
(Forget your heart)  
(Protect your neck)  
(Forget your heart)  
(Protect your neck)
