

# Oh Sunshine

Hotel Mira

But I can tell you mean it when you say  
You're looking for someone to "keep you strange"  
I could give you reasons you could stay  
But everything just feels so far away  
And now I really wish that we could drop the act  
But she said it all when she was drunk so she could take it back

Oh sunshine, she's reigning  
Oh god, now it's hitting me differently  
I'm given she's taken  
She's so cool with it killing me, killing me

I haven't put my guard up in a week  
'Cause what's another night on the trapeze?  
A leopard print coat and a monster mask  
And a sedative from time to time when it gets really bad...

Oh sunshine, she's reigning  
Oh god, now it's hitting me differently  
I'm given she's taken  
She's so cool with it killing me, killing me  
Aw yeah yeah

Love is such a basic form of entertainment  
I know that you'll figure it out  
Tell me I'm your favorite open invitation  
Even when it's bringing me down...

'Cause I can tell you mean it when you say  
"Humanity was such a big mistake"  
Now I really wish that we could drop the act...  
The broken bones and jokes I told could never get a laugh

Oh sunshine, she's reigning  
Oh god, now it's hitting me differently  
I'm given she's taken  
She's so cool with it killing me, killing me  
Oh sunshine  
Just one time  
It feels like you're killing me, killing me

Love is such a basic form of imitation  
I know that you'll figure it out  
All the pretty faces permanent vacation  
Hoping that you'll keep me around...
