

The Ballad Of Eddie Jabuley

Hotel Ugly

Tell me that you want me
You don't want me? Girl I know that you're lying
Scheming on my love
Scheming on my love
Scheming on my love

Tell me that you want me
You don't want me? Girl I know that you're lying
Scheming on my love
Scheming on my love
Scheming on my love

I can't take it. I must be mistaken, oh
Don't make me say it, I just can't explain it
Any way you put it, I know that I couldn't see [?]
If I catch you looking, oh I catch you looking

Then you walked out without it
Then you walked out without my love (oh oh)
I don't need you around me
Try to come back but now I'm gone (oh oh)

Then you walked out without it
Then you walked out without my love (oh oh)
I don't need you around me
Try to come back but now I'm gone

Tell me that you want me
You don't want me? Girl, I know that you're lying
Scheming on my love
Scheming on my love
Scheming on my love

Tell me that you want me
You don't want me? Girl, I know that you're lying
Scheming on my love
Scheming on my love
Scheming on my love

Faceless conversations with too much complication
And I'm anticipating you bring me the frustration [?] (oh oh oh)
You push my limitations, with every situation
You're killing my vibration and I can barely take it, oh (oh oh oh)

Faceless conversations with too much complication
And I'm anticipating you bring me the frustration [?] (oh oh oh)
You push my limitations, with every situation
You're killing my vibration and I can barely take it, oh oh

Tell me that you want me
You don't want me? Girl, I know that you're lying
Scheming on my love
Scheming on my love
Scheming on my love

Tell me that you want me
You don't want me? Girl, I know that you're lying

Scheming on my love
Scheming on my love
Scheming on my love

(Oh oh) Scheming on my love
Scheming on my love (oh oh)

(Oh oh oh) Scheming on my love
Scheming on my love
