

## Feel Like Living

Hothouse Flowers

It took a long time, a long time  
It came to me when I needed it so bad  
A long time, a long time I wasn't waiting  
I wasn't down with what I had  
Let me start, let me start at the beginning  
When I first set eyes on you, I knew that you'd be the one  
Be the one that makes me feel like living  
You're the one that makes me feel

When you speak, when you sing  
I see beauty shining down on everything  
'Cause your heart is still so pure  
You're as precious as the day that you were born  
Let me start, let me start at the beginning

When I first set eyes on you  
I knew that you'd be the one  
Be the one that makes me feel like living  
You're the one that makes me feel  
You're the one that makes me feel like living  
You're the one that makes me feel

The grass is always greener, the sun will always shine  
The sky is always clearer, just 'cos you're alive  
Just 'cos you're alive, just 'cos you're alive

You're the one that makes me feel  
You're the one that makes me feel like living
