

Drop

HotWax

I know this sounds like a lame excuse
I like the way it makes me feel
I don't care about myself no more
I'll, I'll take the abuse

'Coz you're angry then you're not
Then I feel the tension drop
Then I'll have it all for you
Yeah, is that what humans do

You've got it swinging in my brain
Will this ever be the same
I wish, I wish we both knew
Have I, have I fucked it up for you

'Coz you're angry then you're not
Then I feel the tension drop
Then I'll have it all for you
Yeah, is that what humans do

You've got it swinging in my brain
Will it ever be the same
Yeah, I wish we both knew
Have I fucked it up for you

'Coz you're angry then you're not
Then I feel the tension drop
Then I'll have it all for you
Yeah, is that what humans do
