

Rip It Out

HotWax

Kiss me on the cheek then tell me you're depressed
I'll be your freak oh I'm obsessed
I feel insane let me lie on your chest
I've never felt so much pain we need time to rest

I wanna rip it out my arm
Then I'll rip it out my chest
Then I'll rip it out my head 'cause we were the best
Then I'll rip it out my arm
Then I'll rip it out my chest
Then I'll rip it out my head 'cause we were the best

Then I'll rip it out my arm
Then I'll rip it out my chest
Then I'll rip it out my head 'cause we were the best
Then I'll rip it out my arm
Then I'll rip it out my chest
Then I'll rip it out my head 'cause we were the best

This feels so bleak, I've been possessed
I can't even speak, or fly from the nest
So put me on a plane get me up and dressed
I'll pay for the day to feel the love reinvest

Then I'll rip it out my arm
Then I'll rip it out my chest
Then I'll rip it out my head 'cause we were the best
Then I'll rip it out my arm
Then I'll rip it out my chest
Then I'll rip it out my head 'cause we were the best

Then I'll rip it out my arm
Then I'll rip it out my chest
Then I'll rip it out my head 'cause we were the best
Then I'll rip it out my arm
Then I'll rip it out my chest
Then I'll rip it out my head 'cause we were the best

La-ah-ah-ah-ah-ah...

Kiss me on the cheek, now I've regressed
'Cause I was too weak to manifest
On the top of a crane
No bulletproof vest
I had to confess 'cause we were the best

So I'll rip it out my arm
Then I'll rip it out my chest
Then I'll rip it out my head coz we were the best

Then I'll rip it out my arm
Then I'll rip it out my chest
Then I'll rip it out my head coz we were the best

La-ah-ah-ah-ah-ah...

Then I'll rip it out my arm

Then I'll rip it out my chest
Then I'll rip it out my arm
Then I'll rip it out my chest
