

## Strange To Be Here

HotWax

Somebody crawled in the bathtub  
Waiting for you  
It's so strange to be here  
Holding the view  
Somebody crawled in the bathtub  
Waiting for you  
It's so strange to be here

It's so strange to be here  
Split into two  
It's so strange to be here  
Fading for you  
It's so strange to be here  
Split into two  
It's so strange to me

I, I pulled apart my threads, I pulled apart my breath  
Address the same rundown  
I, I pulled apart my threads, I picked apart my breath

It's so strange to be here  
Split into two  
It's so strange to be here  
Fading for you  
It's so strange to be here  
Split into two  
It's so strange to me

Crash onto my shoulder  
Shock detainer  
Let me lie harder  
One last hour  
One cold hour  
One last hour  
One last hour

It's so strange to be here  
Split into two  
It's so strange to be here  
Fading for you  
It's so strange to be here  
Split into two  
It's so strange to me
