

Barbara's Birthday

House of Heroes

Blue eyes have never shined so brightly.
You'll be leaving in the fall. Chicago knows your name.
I never knew your heart at all.
And I'll miss you. and I'll wish you were here.
I never said that "I love you dear".
I never knew your heart at all.
But it seems like.
I'll always be the other guy.
No heart was ever bound so tight.
Will you build up another wall? I'll never be like him.
I swear I'm not like him at all.
And I'll kiss you. and I'll skip a year.
I never said that "I love you dear".
I never knew your heart at all.
I don't know why I'm going to miss you till I die.
