

## She Mighty Mighty

House of Heroes

My lady, unpredictable  
She preach fire and brimstone in the study hall  
In darkness, she's a lightning bolt  
She's so powerful

My lady, undeniable  
She drops bombs of truth till your defenses fall  
She don't worry bout a thing at all  
She's impossible

She come down, only to wind up again  
When I doubt, she can be my medium  
She come round, and she saved the day  
She mighty mighty  
She mighty mighty

My girl pray the rosary  
Before she take down the powers of bigotry  
She walk close, with the Holy Ghost  
And she's haunting me

She come down, only to wind up again  
When I doubt, she can be my medium  
She come down, only to wind up again  
She come round, and she saved the day  
She mighty mighty  
She mighty mighty

My lady she's a pretty little  
Mighty mighty pretty little thing  
My lady she's a pretty little  
Mighty mighty pretty little thing  
My lady she's a pretty little  
Mighty mighty pretty little thing

She come down, only to wind up again  
When I doubt, she can be my medium  
She come down, only to wind up again  
She come round, and she saved the day  
She mighty mighty  
She mighty mighty  
She mighty mighty (Yeah!)
