

I'm Breakin Free

House of Lords

Nothin' works you up like bringin' me down
Even makin' love ya jerk me around
And, though ya think it's all in fun
The game you're playin' finished, done
And I won!

I'm not gonna lose my head
I'm gonna lose your ass instead!

You're not breakin', breakin' me
Babe, I'm breakin' free
With every other word you say
You're tellin' me to walk away

Hot and still a hell, you're leavin' me cold
Used to cast a spell, but it took a toll
And, though ya think you've just begun
The war you're wagin's over, done
And I won!

I'm not gonna lose my head
I'm gonna lose your ass instead!

You're not breakin', breakin' me
Babe, I'm breakin' free
With every other word you say
You're tellin' me to walk away
You're not breakin', breakin' me
Babe, I'm breakin' free
With every word and every blow
You make it easier to go!
With every word and every blow
You make it easier to go!

I'm not breakin'
I'm not breakin'
I'm not breakin'

You're not breakin', breakin' me
Babe, I'm breakin' free
With every other word you say
You're tellin' me to walk away
You're not breakin', breakin' me
Babe, I'm breakin' free
With every word and every blow
You make it easier to go!
