

Seven

House of Lords

She was wild, she was free
And her name was seven
And the bliss
She was fixin' was
Closing in on me

We were high
High as a wounded bird
We would fly
Until it hurt

She'd go downtown
For the pleasure
To capture the color of dreams
But in the dark eyes of forever
I knew we'd cry, cry, cry

Seven was heaven in my eyes
Just like a girl
She made my world go round and round and round

There were nights
When the lights
Looked like waves from heaven
But the shapes
Of the city moved
Like an angry sea

We would ride
Into the wild blue
We were trying
Tryin' to find the truth

We were blinded
By the pleasure
And all the color of dreams

But in the dark eyes of forever
I knew we'd cry, cry, cry

Seven was heaven in my eyes
Just like a girl
She made my world go round and round

Seven was heaven in my eyes
And like a drug we fell in love
And watched the world go round and round

She'd go downtown
For the pleasure
To capture the color of dreams
But in the dark eyes of forever
I knew we'd cry, cry, cry

Seven was heaven in my eyes
Just like a girl
She made my world go round and round

Seven was heaven in my eyes
And like a drug we fell in love
And watched the world go round and round
