

Lifter

Housefires

Rivers of unfailing love
Sweep my fears away
The kindness of the Savior's touch
Heals the heart that breaks

You're the lifter of my head
Won't You take me higher and higher
And You show me love again
You alone my soul desire

The wonders of Your heart for us
Awakes the dead in me
His praises rise, it floods a fire
And stirs my soul to sing

That You're the lifter of my head
Won't You take me higher and higher
And You show me love again
You alone my soul... desire
(You're the lifter)
You're the lifter of my head
Won't You take me higher and higher
And You show me love again
You alone my soul desire

The King of kings, the Lord of lords
Highly exalted
The Son of God, the face of love
Oh You're highly exalted
The King of kings, the Lord of lords
Highly exalted
The Son of God, the face of love
Highly exalted

You're the lifter of my head
Won't You take me higher and higher
And You show me love again
You alone my soul desire
You're the lifter of my head
Won't You take me higher and higher
And You show me love again
You alone my soul desire

You alone
You alone
You lift my eyes
Oh, You lift my eyes
So I fix my eyes on what I cannot see
Mercy and grace all around
Oh, You lift my head
Oh, You lift my head
All I could see was everything wrong
And all I could see is that I wasn't good enough
All I could see is my selfish pride
Oh, You lift my eyes
Oh, You lift my eyes

'Cause You're the lifter of my head
Won't You take me higher and higher
(Teach me to see the night and You...)
You show me love again
(You alone, You alone)
You alone my soul desire

(Oh, You lift my head tonight)
You're the lifter of my head
(I set the Lord always before me)
Won't You take me higher and higher
He is at my right hand, I would not be shaken)
And You show me love again
(Lift my head, lift my head)
You alone my soul desire

(You're the lifter of my head)
You're the lifter of my head
And You take me higher and higher
And You show me love again
You alone my soul desire

Oh, You show me love
And I was blind, You show me love
The scales fall off my eyes tonight
Jesus, King of kings
The King of kings, the Lord of lords
Highly exalted
The Son of God, You're the face of love
Highly exalted
(The King of kings)
The King of kings, the Lord of lords
Highly exalted
The Son of God, the face of love
Highly exalted
