Lovesick

Housefires

There's a lovesick longing deep inside my soul
There's a desperate hunger that won't let me go
There's a lovesick longing deep inside my soul
There's a desperate hunger that won't let me go

No, You cannot deny it
A heart that is desperate
Only You satisfy it
A heart that is desperate

There's a lovesick longing deep inside my soul
There's a desperate hunger that won't let me go

No, You cannot deny it
A heart that is desperate
Only You satisfy it
A heart that is desperate

No, You cannot deny it
A heart that is desperate
Only You satisfy it
A heart that is desperate

Oh...

There's no lovesick you won't heal
There's no desperate you won't fill
I am falling deeper still
For You, oh
There's no lovesick you won't heal
There's no desperate you won't fill
I am falling deeper still
For You, oh
There's no lovesick you won't heal
There's no desperate you won't fill
I am falling deeper still
For You, oh

Oh...

No, You cannot deny it
A heart that is desperate
Only You satisfy it
A heart that is desperate

No, You cannot deny it
A heart that is desperate
Only You satisfy it
A heart that is desperate

I remember, when I was lost and desperate and You came and filled me
Oh, with the love everlasting
I remember, when I was lost and desperate and Lord, You filled me with love everlasting
This is what You do
Jesus, this is what You do
Oh, Jesus, this is it (this what You do)

Oh, Jesus, (this what You do)
Oh, Jesus, (this is what You do)
Oh, Jesus, Jesus, Jesus (this is what You do)
I was lost in my sin, I was dead
Oh, You gave me life again (this is what You do)

You cannot deny it
A heart that is desperate
Only You satisfy it
A heart that is desperate
