

Sold Out

Housefires

Sold out, sold out
And I'm sold out, sold out
And I'm sold out, sold out
For You, for You

And I'm sold out, sold out
Now I'm sold out, sold out
And I'm sold out, sold out
For You, for You, God

Now I'm sold out, sold out
Now I'm sold out, sold out
Now I'm sold out, sold out
For You, for You

And now I'm sold out, sold out
Sold out, sold out
Sold out, sold out
For You God, for You God

I don't care what the world said
I got the gospel running through my veins
Sold out, sold out for You

I don't care what the world said
I got the gospel running through my veins
Sold out, sold out for You

I don't care what the world said
I got the gospel running through my veins
I'm sold out, sold out for You (Gonna talk about it, I'm gonna talk about it
)

I could talk about it all day long (I don't care what the world says)
I could talk about it all day long
I could talk about it all day long
I could talk about it all day long

I could talk about it all day long (I don't care what the world says)
I could talk about it all day long
I could talk about it all day long (I got the gospel running through my veins)
I could talk about it all day long

I don't care what the world said
I got the gospel running through my veins
I'm sold out, sold out for You

I don't care what the world said
I got the gospel running through my veins
I'm sold out, sold out for You (Sold out for you, yeah)

I don't care what the world said
I got the gospel running through my veins
I'm sold out, sold out for You

I don't care what the world said

I got the gospel running through my veins
(Sold out, sold out) I'm sold out, sold out for You

I'm sold out for You
I'm sold out for You (Sold out for You)
I'm sold out for You (Sold out for You)

I'ma live my life out for You
I'ma live my life out for You
I'ma live my life out for You
