

# Sparrow

Housefires

If your eye is on the sparrow  
Then I know you'll take care of me  
I know you'll take care of me  
You're the god who holds tomorrow  
You're making a way for me  
You're making a way for me

When I'm up and when I'm down  
When I'm lost and when I'm found  
You know where the sparrow falls  
You care for your own  
You count every tear, every breath  
And you remember it  
You know where the sparrow falls  
You care for your own

If your goodness is unending  
There's more that I've yet to see  
There's more that I've yet to see  
Oh I feel your spirit moving  
You're wakening my soul to sing  
You're wakening my soul to sing

When I'm up and when I'm down  
When I'm lost and when I'm found  
You know where the sparrow falls  
You care for your own  
You count every tear, every breath  
And you remember it  
You know where the sparrow falls  
You care for your own  
When I'm up and when I'm down  
When I'm lost and when I'm found  
You know where the sparrow falls  
You care for your own  
You count every tear, every breath  
And you remember it  
You know where the sparrow falls  
You care for your own (You know)  
You know where the sparrow falls  
You care for your own

I am  
Fully seen  
Fully known  
Fully held  
Not alone  
I am  
Fully seen  
Fully known  
You care for your own

I am  
Fully seen  
Fully known  
Fully held  
Not alone

I am  
Fully seen  
Fully known (You care)  
You care for your own

I am  
Fully seen  
Fully known  
Fully held  
Not alone  
I am  
Fully seen  
Fully known  
You care for your own

I am  
Fully seen  
Fully known  
Fully held  
Not alone  
I am  
Fully seen  
Fully known (You care)  
You care for your own

When I'm up and when I'm down  
When I'm lost and when I'm found  
You know where the sparrow falls  
You care for your own  
You count every tear, every breath  
And you remember it  
You know where the sparrow falls  
You care for your own

I am  
Fully seen  
Fully known  
Fully held  
Not alone  
I am  
Fully seen  
Fully known  
You care for your own

I am  
Fully seen  
Fully known  
Fully held  
Not alone  
I am  
Fully seen  
Fully known (You care)  
You care for your own, oh

You care for your own (You care for your own)  
Father  
Care for your own (You care for your own), your children  
Your children, you care for us  
You care for you own  
You care for your own  
(Your care for your own)

When I'm up and when I'm down

When I'm lost and when I'm found  
You know where the sparrow falls  
You care for your own (Yes you do)  
You count every tear, every breath  
And you remember it  
You know where the sparrow falls  
You care for your own (You know)  
You know where the sparrow falls  
You care for your own (You know)  
You know where the sparrow falls  
You care for your own  
(Remind us Lord, remind us Lord) You know where the sparrow falls  
You care for your own
