

## Steadfast Flow

## Housefires

So steadfast, so steadfast

Even when I walked away, you never walked away  
Even when I lost my faith, you didn't walk away  
Even when I walked away, you didn't walk away  
In the fire and the rain you're with me just the same  
You never leave, no no  
You never leave, no no

When I fall I know your love is steadfast  
When I lose my way I know where you're at  
When I break apart, it's safe in your hands  
Through it all I know your love is steadfast

So steadfast, so steadfast  
So steadfast, your love is steadfast  
So steadfast, so steadfast  
So steadfast, your love is steadfast  
So steadfast, so steadfast  
So steadfast, your love is steadfast

'Cause even when I walked away you never walked away  
In the fire and the rain you're with me just the same  
You never leave, no no  
You never leave, no no  
Even when I lost my faith and threw it all away  
I was blinded by the tears and bitter from the pain  
You didn't leave, no no  
You didn't leave, no no

When I fall I know your love is steadfast  
When I lose my way I know where you're at  
When I break apart, it's safe in your hands  
Through it all I know your love is steadfast

So steadfast, so steadfast  
So steadfast, your love is steadfast  
So steadfast, so steadfast  
So steadfast, your love is steadfast

Your love is steadfast  
Your love is steadfast

[illegible]

Same yesterday, today, and forever  
Your love is steadfast  
Same yesterday, today, and forever  
Your love is steadfast  
Same yesterday, today, and forever  
Your love is steadfast
