

Everything in Reverse

Houses

White light
When I close my eyes
Another world surrounds me
I'm dying in my dreams

I think you're leading me on
Dilated and dumb
Staring straight at the sunlight
Cause 17 was a bust
Grind my teeth into dust
Tunnel vision and guns

White light
When I close my eyes
Another world surrounds me
I'm dying in my dreams

Broke and sick on the bus
Fuck my life up
Turn my pain into love
Cause all our dreams were a bust
1000 ribbons of blood
With nothing, nowhere to run
