

Boys

Housse de Racket

First phone call on a Saturday
Your legs are shaking
She looks the other way, the other way

Ride your bicycle, heading to the woods
King of the neighborhood
You're doing doing good

Spit out your chewing gum
She's home alone
What are you waiting for?
A miracle, miracle

Oh boy
You're not invisible
She's sensitive you know
Boy it's time for you to go

First cigarette on a sunny day
The girl is waving
You look the other way the other way
Big city's a jungle, suburb's like a bubble

She wants your chewing gum
You're home alone
What are you waiting for?
A miracle, miracle

Oh boy
You're not invisible
She's sensitive you know
Boy it's time for you to go
