

Crocodile

Housse de Racket

You're the great predator
You send us messages
And I wait for diamonds & pearls
Promises, promises

You move in slow motion
I can't catch you, this is no fun

You're out of reach
You are an isle
I'll swim with you
Crocodile

Oh I know the consequences
You're a tropical disease

Tell me tell me why
Crocodile

I love your smile
Crocodile

You're the great predator
Distances, distances
You want to disappear
What is it we have to fear?

You're out of reach
You are an isle
I love your smile
Crocodile

Oh I know the consequences
You're a tropical disease

Tell me tell me why
Crocodile
I love your smile
