

It Just Doesn't Matter

Howard Jones

Matter matter oh no no

If i haven't got any friends
It just doesn't matter
If nobody understands well
It just doesn't matter
If Im not good to anyone
It just doesn't matter
If Im completely alone
It just doesn't matter

If I've been misunderstood
It just doesn't matter
My best friends think Im no good
It just doesn't matter
If my horoscope looks bad
It just doesn't matter
My girlfriend even thinks Im mad
It just doesn't matter

If my world falls apart
It just doesn't matter
I'll pick it up right from the start
It just doesn't matter
(?) Me up
It just doesn't matter
My children have had enough
It just doesn't matter

Matter matter oh no no
