

# To Feel Love

Howard Jones

Fight by day, fight by night  
Why do they hurt each other so  
Oh no, here comes the pain again  
They must know that they are gods  
Capable of, capable of...  
To feel love knowing the Universe

Just like the stars  
We only see them at night  
Here comes the sun  
Hiding their brilliant light

Fight by day, fight by night  
Why do they hurt each other so  
Oh no, here comes the pain again  
They must know that they are gods  
Capable of, capable of...  
To feel love knowing the Universe

Just like the stars  
We only see them at night  
Here comes the sun  
Hiding their brilliant light
