

Who You Really Want To Be

Howard Jones

Lonely Lockdown
Too much Downtime
Tempted to demonise
See from both sides

Find out who you really want to be
Who is it, who is it you want to be yeah
Find out who you really want to be
Who is it, who is it you really want to be yeah

Fight it
No time
Wasted
Lifeline
Group think
Educate
Don't leave it too late

Find out who you really want to be
Who is it, who is it you want to be yeah

Find out who you really want to be
Who is who is it you really want to be yeah

There's a massive view that's just beyond that hill
A perfect role that its time for you to fill
When you find it don't hide it

No room for haters
Show us your faces
Online anonymous
No comeback oblivious

There's a massive view that's just beyond that hill
A perfect role that its time for you to fill
When you find it don't hide it

Who is it, who is it you want to be yeah

Who is it, who is it

You really want to be yeah

Find out who you really want to be
Who is it, who is it you want to be yeah
Find out who you really want to be
Who is it, who is it you really want to be yeah

Find out who you really want to be
Who is it, who is it you want to be yeah
Find out who you really want to be
You really want to be you want to be yeah
