

**June 3rd**

**Howards Alias**

Can't explain how I feel today,  
Surely I should be... (exactly how you expected?)  
Exactly how you expected this to  
Change anything is beyond me.

I'm twenty today and I have nothing to lose,  
I'm patient, I'm waiting for you to come along for me.

Can someone explain to me how  
I should take myself out!  
I can't live without you today,  
And I can't live with this fear and doubt.

I'm twenty today and I have nothing to lose,  
I'm patient, I'm waiting for you to come along for me.

Can someone explain to me how  
I should take myself out!  
I can't live without you today,  
And I can't live with this fear and doubt.

But I'll try, but I'll try.  
But I'll try, but I'll try.

I'm twenty today and I have nothing to lose,  
I'm patient, I'm waiting for you to come along for me.
