

Rob Wants You Dead

Howards Alias

Hey hard hitter, you're not so cool
Without yours backing you.
And add that to the times you picked on us,
And you'll see that there is...

One way to say, one way to describe,
(The predicament you're in.)
One way to say, one way to describe.
(The predicament you're in.)

You're going down, like it or not.
You're going down, like it or not.
You're going down, like it or not.

What about the times you thought that I
Was OK in your crowd?
And add to that the times that you thought that I
Wasn't ok, and now you'll see there is...

One way to say, one way to describe,
(The predicament you're in.)
One way to say, one way to describe.
(The predicament you're in.)

You're going down, like it or not.
You're going down, like it or not.
You're going down, like it or not.
You're going down.

One way to say, one way to describe.
One way to say, one way to describe.
One way to say, one way to describe.
One way to say, one way to describe.

Describe, describe,
Describe, describe. One way.
