

# Worry

Howie Day

You hid the note  
Then I found it  
In a book  
I read in weather

I didn't know  
If I caught you  
In a lie  
Worry never knows  
Worry never knows

You found a scarf  
In the closet  
In the dust  
Amid your favorites

You didn't know  
If you'd caught me  
In a lie  
Worry never knows  
Worry never knows

I saw you in a place I lost  
Hurry, before the fire stops  
Our love was against the wall  
Worry never knows

You hid the note  
Then I found it  
In a book  
I read in weather

I didn't know  
If I caught you  
In a lie

I saw you in a place I lost  
So hurry, before the fire stops  
Our love was against the wall  
Worry never knows  
Worry never knows  
Worry never...  
Worry never...  
Worry never...  
Worry never knows  
Worry never...
