

# Khan-Abyss

Howler

Take a ticket to my world, it's more than an illusion  
Meet the secrets of the stars, it is a one way ride  
Expand your senses and open your eyes, we have a mind occlusion  
Reach the bottom of the abyss, if you're strong you will survive

Let's go for it  
Open your mind  
Come on buddy  
It's your way out

Conquering humanity  
I'm hungry deep inside  
Attack the foolish men  
Hear the laughter of my hordes

Join my fight and you will find a world of might and wonder  
Feel the smell of the burnt land, enjoy the essence of life  
Come with me and live again the time when you were younger  
Forget the tangles of this era, find out what is behind

Let's go for it  
Open your mind  
Come on buddy  
It's your way out

Conquering humanity  
I'm hungry deep inside  
Attack the foolish men  
Hear the laughter of my hordes
