

Everybody's In The Mood

Howlin' Wolf

Everybody's gonna move
Everybody's in the mood
Everybody's in the mood
Everybody's in the mood
Everybody's in the groove
Groove, groove, groove, groove

Drank your whiskey, drank your wine
Look at your baby that sang all night
Everybody's in the groove
Everybody's in the mood
Everybody's in the mood
And a singing in the groove

Everybody's in the groove
Everybody's in the mood
Everybody's in the groove
Everybody's in the mood
Everybody's in the mood
Groove, groove, groove, groove
