

## Getting Late

Howlin' Wolf

It's getting late  
And I'll have to go home  
It's getting late  
And I'll have to go home  
I hate to leave you  
Been with you all day long

I work hard  
And I'll have to leave you now  
I work hard  
And I'll have to leave you now  
I've got to leave you  
And go home

A good man  
Can't stay with you long  
A woman or good man  
Can't stay with you long  
He have a lot of work  
In his home

Look out the window

Look out the window

I've got to leave you  
Been with you all day long

Don't break your heart  
Cryin' about me  
Don't break your heart  
Cryin' about me  
I've got to go home  
Have work to do
