

I'm Not Joking

Howlin' Wolf

Believe me sweetheart, I'm not joking with you

If I can only
Get my baby to believe in what I say
If I can only
Get my baby to believe in what I say
I would be with you always
And daddy would never go away

It's so hard
To get you to believe what I say
It's so hard, darling
To get you to believe what I say
If you just only believe me
I will stay with you always

Believe me, sugar

Drop my head and cry
Darling, believe what I say
Drop my head and cry
Darling, believe what I say
If you just believe me, what would you do, woman?
Stay with you darling, till I die
