

I Told My Baby

Howlin' Wolf

Well I told my baby, you know I don't want you away
Well I told my baby, you know I don't want you away
Well the way you're treating me baby, you gonna regret it someday

Well I told my baby, I ain't gonna be troubled no more
Well I told my baby, I ain't gonna be troubled no more
Well if you don't change your ways, I'm gonna leave you alone

Well I told [?] I ain't gonna tell you no more
Well I told [?] I ain't gonna tell you no more
Every time I see you, I wanna let you go

Well I told my baby, just before I left her house
Well I told my baby, just before I left her house
Don't you let no other man [?] I'm around
