

## I Want To Have A Word With You

Howlin' Wolf

Please, darling can I have a word with you  
Baby please, darling can I have a word with you  
A woman you know, ain't long, I bid farewell to her love soon

Please, is it right or is it wrong  
Please, is it right or is it wrong  
All I wanna know, all I wanna know baby, darling is you coming home?

Darling sit down, wanna hold your hand  
I don't want nothing from you, just wanna be your loving man  
Wait out again, as you go along  
Well I grieve because I know you coming home  
So sorry to happen, sorry baby, hear my plea  
My love, my happy, she says sorry darling here's my tears  
Well the words I wanna talk about got a [?] or two together
